

Dear sirs,

Thank you for visiting Marine Town booth. It was a wonderful show.  
Compare with last year, the number of customers who visit our booth this time increased by 10%.  
We are happy and proud to know all of them feel impressed on our products and quality.  
This result really encourages us what we have been insisting is worth.

Although the marine business worldwide is down with bad environment,  
we will keep new innovation in 2009 and expect it to bring success for both of us.

We appreciate for our customers who support us all the way from 1988 till now  
and new visitors who heard about our quality to come to us.  
We wish all of you have a successful 2009!

Sincerely,
